Profile

Full Stack Developer with experience in building responsive web applications using React.js, Next.js, Node.js, Express.js, MongoDB, and Tailwind CSS. Skilled in API integration, UI development, and Agile workflows, with a strong focus on collaboration and delivering user-focused solutions.

Professional Experience

Frontend Developer Intern 06/2025 – 09/2025
QuickYearning Pvt. Ltd *Andheri, Mumbai*

- Engineered 20+ responsive and reusable UI components using React.js, Next.js, and Tailwind CSS, reducing page load times by 15% and establishing a consistent design system.
- Integrated 15 REST API endpoints with frontend modules, partnering with backend teams to ensure 99.9% reliable data flow and query performance using Node.js and MongoDB.
- Designed and implemented user-friendly transaction monitoring dashboards, providing real-time visibility into financial data for 500+ simulated users.

Education

St. Francis Institute of Technology 2023 – 2027
Bachelor of Engineering in Electronics and Telecommunication Engineering *Mumbai*

Shantarai Junior College 2021 – 2023
Senior Secondary *Aurangabad*

Rustomjee International School 2021
Secondary *Mumbai*

Skills

Languages: C/C++, JavaScript, Python, TypeScript, HTML, CSS

Frameworks / Libraries: React.js, Node.js, Express.js, Tailwind CSS

Databases: MySQL, MongoDB, PostgreSQL, Firebase

Tools & Technologies: Git, GitHub, GitHub Actions (CI/CD), REST APIs, Postman

Projects

SyncEdu
Real-Time Educational Ecosystem

- Built a full-stack MERN platform with WebSockets to enable real-time collaboration, live updates, and seamless communication tools.
- Architected and integrated 10+ RESTful APIs for authentication, document management, and content retrieval, while optimizing frontend state management to enhance application responsiveness.

ClauseBreaker AI
AI-powered text analysis platform

- Built an AI-powered legal document analysis platform that extracts, analyzes, and simplifies contract clauses from PDF/DOCX files.
- Integrated the Gemini API to automate legal clause interpretation, generate simplified explanations, and provide contract summaries.
- Implemented a document comparison module that identifies differences, highlights modified clauses, and analyzes changes between multiple legal documents.

Certificates

Developing Back-End Apps with Node.js and Express – IBM
Introduction to Generative AI – Google Cloud
